SING YOUR WAY TO SPANISH WITH JODY

www.singyourwaytospanish.com

Ages 2 and up, \$14.95

Singer, songwriter, performer and Spanish teacher Jody Dreher takes an imaginative approach to teaching the Spanish language in her new music album. Throughout the CD she travels the globe with children, taking classical tunes of

places such as Texas (known for country music) and Africa (known for drumming) to form an original song.

The album entitled *Sing Your Way to Spanish with Jody*, contains all original music and was created for children ages 2 and above. Combining both English and Spanish, she teaches Spanish speakers the English language and vice versa.

The CD includes songs such as "What Is Your Name (Como te llamas)" and "How Old Are You (Cuantos anos tienes tu)." Its rhythms are friendly and her catchy voice is upbeat, clear and filled with joy as she engages in fun lyrics and dialogue. Sing along with the kids or travel to a foreign place when you add the disc to your music collection.
